October 2024

*The holiday season is a time for celebration, but it's also important to maintain your oral health while enjoying the festivities.*

*Here are some simple tips to keep your smile bright and healthy:*

- 1. Stick to Your Routine - Brush your teeth twice a day with fluoride toothpaste. Don't forget to floss daily to remove plaque and food particles from between your teeth.*
- 2. Be Mindful of Sugary Treats - Limit sugary snacks and drinks, as they can increase the risk of tooth decay. If you do indulge, try to enjoy them with meals to reduce acid exposure to your teeth.*
- 3. Stay Hydrated - Drink plenty of water to help rinse away food particles and sugars. Avoid too many fizzy drinks and opt for water as a tooth-friendly alternative.*
- 4. Protect Your Teeth - If you're enjoying hard or sticky foods, be careful to avoid damaging your teeth or fillings. Avoid using your teeth to open bottles or crack nuts to prevent breakages.*
- 5. Don't Skip Dental Appointments - If you're due for a check-up or treatment, don't delay scheduling your visit.*
